

DÉTAIL B  
Echelle 1 : 1

Technical drawing of a mechanical part, labeled "DÉTAIL B" and "Echelle 1 : 1". The drawing shows a cross-section of a cylindrical component with a central hole. The outer diameter is 14 mm ( $\varnothing 14$ ). The inner hole has a diameter of 16 mm ( $\varnothing 16$ ). The total length of the part is 28 mm. The thickness of the material is 4 mm. The inner hole has a radius of R6.50. The part is shown with a hatched pattern indicating it is a solid material.

Technical drawing of a shaft with two gears, B and C, showing dimensions in mm. The shaft has a total length of 504 mm. Gear B has a pitch diameter of 72 mm and a face width of 28 mm. Gear C has a pitch diameter of 26 mm and a face width of 4 mm. The distance between the centers of the two gears is 10 mm. The shaft is supported by bearings, with a bearing cap of 4 mm thickness. The shaft is hatched with diagonal lines.
